Don't Let "CREDIT ERRORS" Cause You to **LOSE** a Loan, a Job...or More!

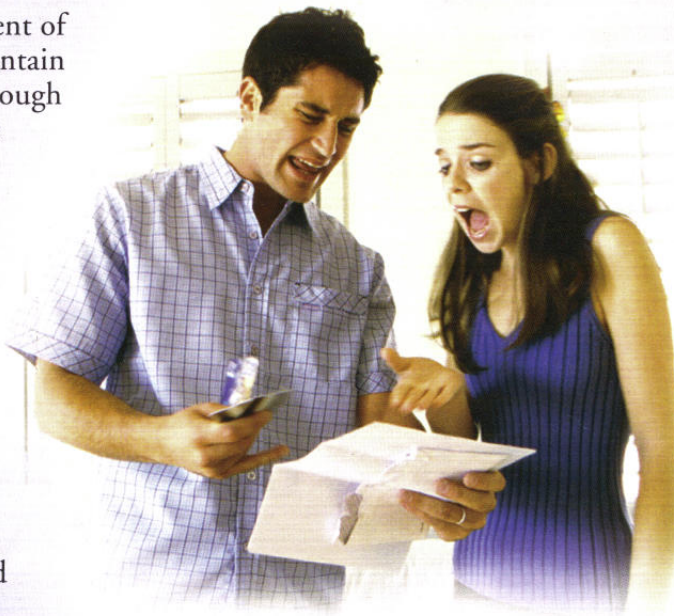

Twenty-five percent of credit reports contain errors serious enough to damage a consumer's ability to buy a home, rent an apartment, obtain credit, open a bank account or even get a job.

It's easy and tempting to ignore your credit rating, especially if you have no big borrowing plans at the moment. But failure to plan ahead is at your own peril!

Today, your creditworthiness can determine the quality of your life and the ability to obtain financial freedom.

That's huge!!

Plus, it may take 30 days or longer to remove errors from your credit report, so we urge you to get the process started NOW.

Here's Why You Need Our Help!

A recent survey conducted by the *Public Interest Research Group* found that 79% of credit reports had errors—that's nearly 4 out of 5. Odds are your credit report is NOT as clean as it should be!

Worse yet, as many as 1 in 4 credit reports have errors serious enough to be refused credit.

With that much riding on your credit report, why risk having a low score or errors that may mistakenly lower your score—when we can help! *(cont'd on page 2)*
